What is humane education?

This is what the Institute for Humane Education says:
Humane education not only instills the desire and capacity to live with compassion, integrity, and wisdom, but also provides the knowledge and tools to put our values into action in meaningful, far-reaching ways.

“Children trained to extend justice, kindness, and mercy to animals become more just, kind, and considerate in their relations with one another. The cultivation of the spirit of kindness to animals is but the starting point towards that larger humanity which includes one’s fellow of every race. A generation of people trained in these principles will solve their international difficulties as neighbors and not as enemies.” 1933—the National P.T.A. Congress
S’more’s Journey
Forced to give rides with a club foot, S’mores comes to River’s Wish for the care and retirement he deserves

This past November we welcomed S’mores and his companion, Ginger, to River’s Wish. When S’mores arrived he was a 4 year-old miniature stallion with a severe club foot. S’mores had been used for ‘pony rides’ in his first ‘home’. S’mores has since been gelded, so he is no longer a stallion.

Our farrier and veterinarian are working to improve S’mores club foot and provide him with greater flexibility.

We hope to include S’mores in our Humane Education Outreach program. S’mores has a story to tell and only he can tell it. He is a very special little being and inspires everyone who meets him and be assured, he will never have to give ‘pony rides’ ever again.
